Olympus Industry Evening Mini-Symposium

Discover New Dimensions in Interventional Pulmonology

Date:  Sunday 16 September, 2018, 17:30-19:00
Location:  Hall 7.3 X
Faculty:  Prof. Herth, Prof. Eberhardt, Dr. Rozman, Dr. Stanzel

Discuss with the experts — from established and valued products to powerful newcomers:
- Dive deeper into the lung — how peripheral can I go?
- Valve therapy — Select the right emphysema patient.
- Get energized with argon plasma coagulation.
- Celebrate 15 years of EBUS-TBNA.

Join us on the journey through interventional pulmonology
