Ulcerative colitis

Salofalk® Granules
make the difference

The only mesalazine granules with
dual release technology with matrix core

- Targeted release throughout the entire colon down to the rectum
- Highly effective also in proctosigmoiditis: 86% in remission*
- Granular formulation: maximized surface for reliable drug release

Salofalk® Granules 500mg/1000mg/1.5g/3g; Salofalk® 250mg/500mg Gastro-resistant tablets; Salofalk® 250mg/500mg/1g Suppositories; Salofalk® 2g/30ml and 4g/60ml Enemas;
Salofalk® 1g Rectal Foam. Active ingredient: mesalazine (5-aminosalicylic acid). Composition: 1 sachet of Salofalk® granules 500mg/1000mg/1.5g/3g contains: active ingredient: 500 mg/1000 mg/1.5 g/3 g mesalazine. Other ingredients: aspartame (E951), carmellose sodium, citric acid, silica colloidal anhydrous, hypromellose, magnesium stearate, methacrylic acid-methyl methacrylate copolymer (1:1) (Eudragit L 100), methylcellulose, cellulose microcrystalline, polyacrylate dispersion 40% (Eudragit NE 40 D containing 2% Norovynol 100), povidone K25, simeticone, sorbic acid, talc, titanium dioxide (E171), triethyl citrate, vanilla custard flavouring (containing propylene glycol). 1 tablet of Salofalk® 250mg/500mg contains: active ingredient: 250 mg/500 mg mesalazine. Other ingredients: Calcium carbonate, basic butylated methacrylate copolymer (=Eudragit E), methacrylic acid methyl methacrylate copolymer (1:1) (=Eudragit L), glycine, silica colloidal anhydrous, hypromellose, macrogol 6000, cellulose microcrystalline, sodium carbonate anhydrous, povidone K25, talc. Colouring agents: titanium dioxide (E171), iron oxide hydrate (E172), additionally Salofalk® 500mg tablets: croscarmellose sodium. 1 Salofalk® 250mg/500mg/1g suppository contains: active ingredient: 250 mg 500 mg 1 g mesalazine. Other ingredients: hard fat; additionally Salofalk® 500mg suppositories: docusate sodium, cetyl alcohol. 1 enema of Salofalk 2g 30ml or 4g 60ml contains: active ingredient: 2 g or 4 g mesalazine. Other ingredients: sodium benzoate and potassium metabisulphite. See patient information leaflet. Salofalk® 1g Rectal Foam: 1 actuation contains: active ingredient: 1 g mesalazine. Other ingredients: sodium metabisulphite (E224), propylene glycol, catamer 947P, sodium edetate, xanthan gum, purified water. Note: Salofalk® enemas contain sodium benzoate and potassium metabisulphite. See patient information leaflet. Salofalk® 1g Rectal Foam: 1 actuation contains: active ingredient: 1 g mesalazine. Other ingredients: sodium metabisulphite (E224), propylene glycol, xanthan gum, xanthan gum, purified water. Note: Salofalk® 1g Rectal Foam contains sodium metabisulphite (E224), propylene glycol and cetostearyl alcohol. See patient information leaflet. Indications: Salofalk® granules 500mg/1000mg/1.5g/3g: acute treatment and prevention of recurrence of ulcerative colitis. Salofalk® 250mg/500mg tablets: acute treatment and prevention of recurrence of ulcerative colitis. Acute treatment of Crohn’s disease. Salofalk® 250mg/500mg/1g suppositories: acute treatment of (1g: mild to moderate) ulcerative colitis confined to the rectum. Additionally Salofalk® 250mg suppositories: prevention of recurrence of ulcerative colitis. Salofalk® 2g/30ml enemas: acute treatment of mild to moderate ulcerative colitis, localised in the rectum and sigmoid colon. Salofalk® 4g/60ml enemas: acute treatment of ulcerative colitis. Salofalk® 1g Rectal Foam: Treatment of acute, mild ulcerative colitis of the sigmoid colon and rectum. Contraindications: severe impairment of hepatic or renal function; Pregnancy and lactation: risk benefit ratio. Additionally for Salofalk® Enemas and Rectal Foam: not to be used in case of sensitive patients (especially for known asthmatics or allergic anamnesis) due to the content of metabisulphite or sodium benzoate. Side effects: headaches, dizziness, peripheral neuropathy, abdominal pain, diarrhea, flatulence, nausea, vomiting, impairment of renal function including acute and chronic interstitial nephritis and renal insufficiency. Hypersensitivity reactions such as allergic exanthema, drug fever, paracelitis, lupus erythematosus syndrome, allergic and fibrotic lung reactions (including dyspnoea, cough, bronchospasm, alveolitis, pulmonary eosinophilia, lung infiltration, pneumonitis), peri- and myositis, acute pancreatitis, myalgia, arthralgia, altered blood counts ( aplastic anemia, agranulocytosis, pancytopenia, neutropenia, thrombocytopenia), changes in liver function parameters (increase in transaminases and parameters of cholesterol), hepatitis, cholestatic hepatitis, alopecia, oligaemia ( reversible). Additionally for Salofalk® 1g Rectal Foam: abdominal distension, anal discomfort, application site irritation, painful rectal tenesmus. Salofalk® Supp.: constipation. Interactions and dosage: see patient information leaflet. Available on prescription only. Date of information: 02/2012

Working groups, congress dinner 7

Programme Saturday, 29 June 2013 8

Poster session, call for abstracts 10

Registration, evening programme, meeting venue, accommodation, congress language, travel information, contact 12

Faculty 14
Let's talk about it – again!

Dear friends and colleagues,

Being committed endoscopists, we are all concerned that even minor invasive procedures may have side effects which might result in a so-called complication. The constant evolution, not only of imaging but also of invasive or surgical concepts, requires a permanent process of reflection.

As in previous years, the aims of the symposium are to

- **identify** critical incidents and complications
- **communicate** unforeseen events
- **develop** strategies to avoid or minimise complications
- **demonstrate** therapeutical measures for the eventuality of a complication

which we will discuss under technical, procedural, ethical, psychological and legal aspects.

A highlight of our symposium will be the state-of-the-art lecture by Prof. Christopher Williams. Christopher Williams is not only a globally reputed developer of endoscopic techniques but also the grandseigneur of colonoscopy.

We are honoured that Christopher Williams accepted our invitation and allows us to share his lifelong experiences during his lecture on quality and safety in colonoscopy.
Honorary president of the 3. International Symposium on Complications in GI Endoscopy is Prof. Dr. Drs. h.c. Meinhard Classen.

Meinhard Classen’s importance for modern endoscopy is legendary, he influenced therapeutic endoscopy like no one else, for example, via the introduction of ERCP and EPT. He received prizes for his scientific work all over the world, and we are proud that he accepted to be honorary president of this symposium.

Very special thanks go to the members of the Scientific Committee who put a lot of personal engagement in helping to select topics and renowned speakers to make this symposium a useful tool for every endoscopist in his every-day clinical work.

The Scientific Committee and I invite you to come to Hannover on 28 and 29 June 2013, listen to the experts’ lectures and share your experiences with the other participants in our working groups. We especially encourage you and your co-workers to send in relevant abstracts. Selected abstracts will be presented as lectures in the main programme, all others will be presented in the poster exhibition.

Looking forward to meeting you in June 2013!

</tr>
</tbody>
</table>

### 15:45 – 16:30  Coffee break
On Friday afternoon, we offer working groups for intensified discussion of complications arising in some main endoscopic procedures. In addition, we offer a working group for endoscopy nurses in German language. Together with the experts you will work out the status quo, typical and common complications and possible ways of minimising or preventing complications. A summary of the results of each working group will be reported to the plenum on Saturday morning.

The working groups take place in parallel sessions, so please enroll for one topic only with your registration:

1. **EMR/ESD/NOTES**  
   Chair: J. Hochberger, K. Lehmann, N. Reddy

2. **Colonoscopy**  
   Chair: H. Messmann, G. Rotondano, F. Schreiber

3. **ERCP**  
   Chair: L. Aabakken, H.-D. Allescher, R. Hawes

4. **Instruments and accessories**  
   Chair: H. Feußner, T. Ortmaier, R. Tamm

5. **EUS**  
   Chair: M. Barthet, C. Meyenberger, H. Neye

6. **Endoskopie = Arbeit im Team**  
   Arbeitsgruppe für Endoskopie-assistenz  
   Vorsitz: M. Engelke, H.-J. Schulz

---

**Congress dinner on Friday, 28 June 2013**

18:45  Bus transfer to the Town Hall
19:15  Reception by the Lord Mayor of Hannover
20:00  Dinner at the Town Hall Garden Restaurant

Please enroll for dinner with your registration as seats are limited!
# Programme Saturday, 29 June 2013

## Session 4: Reports of the working groups

**Chair:** E. Fedorov, M. Jung, G. Kähler

11.30 Selected poster abstract To be announced
11:40 Discussion

11:45 – 12:00 Coffee break

12:00 – 13:45 Session 6: Standards and Future

Chair: H. Buhr, M. Classen, N. Reddy

12:00 Iatrogene induced haemorrhage I. Gralnek
12:20 Development of new technologies for the prevention of complications R. Hawes
12:40 Thinking out of the box: When medicine and religion collide I. Wunn

State-of-the-art lecture

13:00 Introduction M. Classen
13:10 Quality and safety in colonoscopy C. Williams
13:40 Farewell P. Meier

13:45 – 14:30 Farewell lunch buffet
**Poster session, call for abstracts**

**Poster Committee: I. Jovanovic, T. Wehrmann**

Posters will be exhibited on 28 and 29 June 2013 at the Maritim Airport Hotel Hannover.

The authors will be in attendance during the coffee break on Friday afternoon while the Poster Committee will evaluate the posters.

**Call for abstracts**

Please submit your poster abstract by 15 April 2013. Only one-page abstracts not exceeding 250 words, written in English and saved in Microsoft Word format will be accepted.

Abstracts must be submitted via our Internet Abstract Submission System (http://www.falkfoundation.com/poster) where further information regarding the submission format and the submission process is available.

Please visit our congress website www.complications-in-endoscopy.com for a link to the Falk Foundation abstract submission.

The abstracts will undergo a review by the Scientific Committee, preference being given to those thematically related to one of the sessions of the programme. We especially encourage submissions of cases. Have you, for example:

- come across a very rare or unusual complication?
- developed a special technique to deal with specific complications?
- experienced a disaster?

Then we invite you to send us your abstract!
All accepted abstracts will be printed and distributed to the participants of the congress together with the documents of the meeting. The authors will receive notification about acceptance and further instructions by 10 May 2013.

The first author of any accepted poster is invited to take part in the symposium free of registration fee. Please note: Travel expenses are not covered.

Contact address for questions concerning the poster submission:
Falk Foundation e.V.
Leinenweberstr. 5
79041 Freiburg, Germany
Telephone: +49 (0)761 / 15 14-0
Telefax: +49 (0)761 / 15 14-359
Web address for submitting poster abstracts: http://www.falkfoundation.com/poster

Poster prizes
For the presenting authors of those three abstracts selected by the Scientific Committee for oral presentation, registration fee, accommodation and travel expenses will be covered.

The three best posters, selected by the Poster Committee during the poster session, will win a prize certificate and an award of 750,- €.

Deadline for submission of abstracts:
15 April 2013
Registration, evening programme

Please visit our congress website www.complications-in-endoscopy.com for registration, hotel booking and further information.

Registration fee
The registration fee includes access to the lecture hall, choice of one working group, coffee breaks with snacks, rich lunch buffets with a selection of warm and cold dishes on Friday and Saturday, certificate of participation and the get-together on Thursday.

Physicians: until 15 April 2013 160,- €
from 16 April 2013 220,- €

ESGE Individual Members receive a 20% reduction on the registration fee

Nurses and students: until 15 April 2013 40,- €
from 16 April 2013 70,- €

Team (1 physician, until 15 April 2013 190,- €
up to 2 nurses) from 16 April 2013 250,- €

You may either register online on www.complications-in-endoscopy.com or fill in the enclosed registration form.

Get-together on Thursday, 27 June 2013
Participants arriving already on Thursday are invited to a get-together at the Maritim Airport Hotel with drinks and light warm and cold dishes, starting 7 pm.
The get-together is included in the registration fee.

Congress dinner on Friday, 28 June 2013
The fee includes bus transport from the meeting venue to the restaurant and back, reception and dinner at the beautiful Town Hall Garden Restaurant.
Participant: 30,- €
Accompanying Person: 45,- €
Meeting venue – Maritim Airport Hotel
The symposium takes place at the Maritim Airport Hotel in Hannover, Germany. This magnificent hotel will delight you with its comfort and ideal location on the airport grounds.

Arrival by plane: The hotel is just a 2-minute footwalk away from the Arrival Hall.
Arrival by car: Take the exit to the airport from highways A2 and A7.
Arrival by train: From Hannover main station, the local tram S5 to “Hannover Flughafen” takes you to the airport and hotel in 18 min.
A taxi from Hannover main station to the airport takes around 20 min. and costs around 25,- €.

Hotel accommodation
We have reserved a number of rooms at a special congress rate. You may book your room either online on our congress website or with the registration form included in this brochure.

Single room including breakfast: 119,- €
Double / twin room including breakfast: 158,- €
Room rates include all service charges and VAT.

Congress language
The congress language is English except for the working group for nurses which is in German.
Die Arbeitsgruppe für Endoskopieassistenz „Patientensicherheit in der Endoskopie“ findet in deutscher Sprache statt.
