Welcome Address

Dear Colleague,

The 25th European Congress of Pathology (ECP 2013) will be held in Lisbon, Portugal, from 31 August to 4 September 2013. On behalf of the European Society of Pathology and the Portuguese Society of Pathology / Portuguese Division of the International Academy of Pathology we would like to invite you to join us in Lisbon.

The motto of the ECP 2013:

Pathology: A gate to the future

is symbolically represented by the Tower of Belém. The icon of the ECP 2013 is a monument close to the Congress Centre that commemorates the voyage towards the unknown of the Portuguese navigators.

Pathology, in addition to its traditional clinical problem solving role, is entering uncharted waters – this notion is reflected in the scientific programme that has been prepared mainly by the ESP Working Groups and encompasses 23 topics, four Keynote lectures and a number of very special, “Special Sessions”.

The scientific activities will be centred upon Diagnosis, Prognosis and Prediction, having Personalized Pathology as the ultimate goal.

Following the motto of the Congress, a particular attention has been paid to the Residents who will organize among other scientific and social activities a Plenary Residents Seminar whose “Grande Finale” will take place at the closing events of the Congress.

We are looking forward to welcoming you and spending a great time in Lisbon.

Prof. Fátima Carneiro
President of the European Society of Pathology

Prof. Manuel Sobrinho Simões
Chair of the Local Organising Committee of ECP 2013

ESP is happy to announce that

BRIEF DESCRIPTION OF ESP

The European Society of Pathology (ESP) was established in 1963 in Brussels and is a leading force in European pathology and, as such, is pivotal to the future of the specialty in Europe and beyond. As a scientific society, the ESP has, as its primary aim, the promotion of high quality diagnostic practice, applied and translational research and under- and postgraduate education in the field of human pathology. This is achieved through its congresses, its journal Virchows Archiv and various other activities. The ESP interacts with national pathology societies in Europe and has developed links with other EU bodies in close collaboration with UEMS (Union Européenne des Médecins Spécialistes) and EAPCP (European Association of Pathology Chairs and Programme Directors).

The European School of Pathology under the auspices of the ESP and with the support of 19 Working Groups representing different fields of pathology is involved in the organisation of courses to meet the needs of young pathologists. The ESP also provides an infrastructure for quality assurance projects in diagnostic molecular pathology, such as the ESP QA KRAS project for testing of colorectal cancer. The aim of the ESP is that its new permanent headquarters in Brussels (capable of holding meetings for up to forty people) will become the “hub” of European pathology.

▶ INSURANCE
The congress fee does not include insurance. All participants should arrange for their own insurance. Health and accident insurance is recommended and has to be purchased in your country of origin.

▶ CURRENCY
The official currency of Portugal is the EURO. Congress payments will be accepted only in EURO.

▶ CLIMATE IN LISBON
Due to the influence of the Atlantic Ocean, Lisbon has a pleasant climate throughout the year. September is usually a very pleasant month in Portugal. The day-time temperature in Lisbon in early September ranges between 17 and 26 °C. Nights can be a bit chilly and occasional drizzles can be expected.

▶ CITY OF LISBON
Lisbon, a riverside city painted in watercolour shades, stretches along the river Tejo and much beyond these boundaries. A crowded and cosmopolitan city, whose warm people always make foreigners feel welcome, blends a century-old tradition with the modernity of a European capital. The old streets mingle with the wide and more recent avenues, with old and modern buildings existing harmoniously together in the same space.

Let yourself be carried away by the sun, the people, the freshness of the vegetation, the river and you will know the city by taking a ride on a tramway, bus, train, boat, or simply walking, discovering an extremely rich secular and religious heritage with a large number of museums, churches and palaces. The visitor should not miss visiting the St. George’s Castle, the Jerónimos Monastery and the Tower of Belém.

Lisbon offers a suggestive diversified programme of events of touristic and cultural interest – shows, fairs and festivals, live shows and music on the streets and exhibitions, among others. Lisbon nights typically wind their way through old neighbourhoods with Fado houses, traditional and trendy bars, restaurants serving local food as well as contemporary or fusion cuisine prepared by famous chefs. Over the last two decades a large number of leisure and entertainment spots have taken over Avenida 24 de Julho, Santos, Alcântara, along with the riverside Quays, Lisbon’s hottest nightspot.

Lisbon is easy to get to. It is a short flight away from most European cities, and is just as easily accessible by road or railway.
Travel to Lisbon/Hotels in Lisbon

▷ AIR TRAVEL TO LISBON

Lisbon International Airport, 7 km from the city centre, has daily flights to and from the major cities in Europe and the world. The Portuguese airline TAP - Air Portugal as well as major international airlines fly to and from Lisbon.

▷ JOURNEY TO LISBON BY ROAD

Arriving in Lisbon by road is a pleasant experience, as the visitor can enjoy the beautiful countryside along the way. The city has good road accesses and the most frequently used routes are: the A1 motorway, the 25th April Bridge, the new Vasco da Gama Bridge, and the CREL, the outer ring-road for the Lisbon region.

▷ TRAVEL TO LISBON BY RAIL

Scores of national and international trains arrive in Lisbon every day. In addition to Santa Apolónia terminal station, you will find the Gare do Oriente, which opened in 1998 adjacent to the Parque das Nações. Both stations have direct bus or underground connections to the city centre.

▷ HOW TO GET FROM THE CITY CENTRE TO THE CONVENTION CENTRE

Lisbon has a very efficient public transport network that covers the entire city in addition to the surrounding areas. Lisbon’s recently refurbished metro system, with 4 main lines all coming to the city centre, is clean, quick, and efficient. While metro announcements are made only in Portuguese, signs and ticketing machines are generally bilingual in Portuguese and English. There is also an extensive network of buses, trams and funiculars in Lisbon run by Carris. They are all worth a ride on, especially the vintage trams, and the funiculars, which are an attraction in themselves.

The Centro de Congressos de Lisboa is located in the heart of Lisbon, in an area easily accessible by bus (lines 56, 727 – bus stop: Rua da Junqueira/Centro de Congressos, and line 28 – bus stop: Hospital Egas Moniz/Av. Da Índia ), tram (line 15 - stop: Rua da Junqueira/Centro de Congressos) and taxi and about 15 minutes from the airport.

Registered congress participants will receive a public transportation ticket which entitles them to 10 free city rides (L area).

▷ HOTELS IN LISBON

CPO HANSER SERVICE and its local partner AIM GROUP INTERNATIONAL have reserved a large number of hotel rooms in various hotels in different price categories near the congress venue. The majority of these hotels are located in the city centre. The Centro de Congressos de Lisboa can be comfortably reached from all hotels either by foot or public transportation. SUNSET RAVE PARTY

Sunday, 1 Sept 2013  
19:30 – 22:30
“Cavalariças” at Pestana Palace Hotel

The Sunset Rave Party has been organised by the residents and is supported by Unicer and the Portuguese Society of Pathology and aims to assemble residents and the young pathologists to network and meet with their older colleagues. The event will take part at the “Cavalariças” at Pestana Palace Hotel. Located in one of the most tranquil areas of Lisbon, the Hotel Pestana Palace was born from the restoration and refurbishment of the former Marquês de Valverde Palace, dated from the 19th century and classified as a national monument. This majestic and attractive palace was built by an entrepreneur who made his fortune with successful agricultural endeavours in São Tomé and Príncipe. His connections to France influenced the design of the building, with styles from the Luis XIV, Regency, Luis XV and Luis XVI eras, creating a surprising historical setting.

The “Cavalariças” (coachman’s house), originally built in the first decade of the 20th century, was intended to be used as a coach-stable, and also to provide accommodation for the stable staff. The architects responsible for the adaptation and refurbishment of the original building did manage to retain a sufficient amount of the character of the old building, to remind visitors of the carriages, horses and saddler of yesteryear.

Let’s party, meet and network with colleagues from around the world!

CONGRESS CONCERT

Monday, 2 Sept 2013  
20:45 – 22:00
São Carlos National Theatre

The São Carlos National Theatre is Lisbon’s Opera House. It was opened on July 30, 1793 by Queen Maria I as a replacement for the Tejo Opera House in Comercio Square, which was destroyed in the 1755 Lisbon earthquake. The theatre is located in the historical center of Lisbon, in the Chiado district. It was built in only six months following a design by Portuguese architect José da Costa e Silva, with neoclassical and rococo elements. The exterior was inspired by Milan’s La Scala, and the beautiful interior with excellent acoustics resembles the San Carlo Theatre in Naples, with five galleries and boxes adorned with neoclassical and rococo decorations, seating up to 1,148 people. The theatre was named after the Princess Charlotte of Spain, who had come to Portugal in 1790 to marry the future King, Prince John. Carlos (Portuguese form of Charles) is the masculine form of Charlotte. A Latin commemorative inscription dedicates the theatre to the princess. The first opera presented here, in 1793, was La Ballerina Amante, by Domenico Cimarosa.

You will get to enjoy an exclusive ECP concert performed by the renowned Coro Gulbenkian and conducted by Jorge Matta, which you can book tickets for.

Cost contribution per person (ESP Member): EUR 10
Cost contribution per person (Non-ESP Member): EUR 20

CONGRESS PARTY

Wednesday, 4 Sept 2013  
20:00 – 24:00
Pátio da Galé

Don’t miss the Grande Finale of the 25th ECP – the Congress Party at the impressive Pátio da Galé! Pátio da Galé was part of the Marquês de Pombal reconstruction plan for the Praça do Comércio in the 18th century. Overlooking the Tagus River, it is located on the western side of this unique square. Pátio da Galé was home to the Navy and to several Governmental institutions throughout the years and reflects the closeness to the power. Being the buildings historical patrimony, its restoration paid attention to the maintenance of all the architectural details and structure in order to preserve its outstanding quality and style. The architectural intervention respected the history of the building, the value and memories of its location but also the development and modernity of Lisbon. During the party, you will enjoy snacks from a buffet and DJ music will make people dance the night away.
