- Ice Bag to carry your drinks with you and keep them cool
- Suitable for all TOUGH models

All-you-need Tough Accessory Kit

The TOUGH adventure pack is including all the TOUGH accessories you will need for your outdoor activities. When being on the move in the water, in the mountains or on the road running or cycling, you will enjoy the benefits of the TOUGH adventure case. This multi-functional case made out of durable neoprene and nylon fits the entire TOUGH camera range. The case is fully equipped with belt loop, detachable adjustable arm belt, metal hook and safety cord, thus supporting you at all conditions and under even most extreme situations. The TOUGH floating handstrap is the perfect companion while snorkelling or swimming, it keeps your TOUGH camera from quickly sinking to the bottom. Gentle positive buoyancy of strap allows you to take steady underwater pictures without having your hand forced to the surface. Adjustable for the perfect fit on your wrist or arm. Alternatively simply clip the carabineer loop to your equipment. Wherever your adventures will take you, with the Ice Bag you will have also a handy bag which is accompanying you and keeping your drinks cool.
