### Leather Body Jacket

The exclusive leather body jacket perfectly fits the design of the E-M10 Mark III complements the classic-modern look of the camera body while protecting the camera body from scratches and add durability against impact. Made specifically for E-M10 Mark III, it provides added grip and is mounted using the dedicated pin and secure connection over the strap rings. The CS-51B body jacket comes in black and brown color finishes matching your choice of black or silver E-M10 Mark III variants.
