

## CSS-P121 Lens Strap

---

### Perfect Shoulder Strap for Super Tele Lenses

In tasteful black colour, this strap is the ideal accessory for carrying your lens safely when you're shooting on the move. In its style, it perfectly matches the classic design of Olympus products. Made from high-quality material, the straps' cushioning comforts the neck, the anti-slip texture holds it firmly in place and its mesh material prevents sweating. Added its full adjustability, it offers maximum comfort even during a long day of photography. Compatible with:
